

TUNBRIDGE WELLS LAWN TENNIS CLUB

Snookerball League Rules

1. Each match is 2 sets with a tie-break at 5-5 in each set.
2. 1 point is awarded for each game won.
3. Scores: The onus is on the **WINNER** to record both players' set scores and points on the sheets on the noticeboard. You **MUST** also record the set scores online through the green members' area of the website in the league tables section.
4. Each individual has responsibility for contacting the other players – don't wait to be contacted! Remember you can access players' details on the website as well as the board.
5. Players may only claim a **walkover** if agreed by both players OR with the permission of the Snookerball referee. The player awarded the walkover will receive **6 points**. The player giving the walkover will have 6 points deducted from their final score.
6. If your opponent doesn't turn up for an arranged match, you are awarded a walkover, unless you both agree to rearrange the match.
7. If a player withdraws from the division part way through a round, ALL players will each be awarded 12 points regardless of any matches already played.
8. If you are injured or need to withdraw you must **email** the office as soon as possible.
9. At the end of each round, 2 players will be promoted and 2 demoted, based on points won. In the event of a tie, position will be determined based on points lost. There may be some slight exceptions to this rule in case of withdrawals/joiners.
10. If there are fewer than 5 players in a division, each player will be allocated 12 points automatically.
11. The £15 entry fee for 5 rounds contributes to the admin cost and provides prizes.
12. At the end of the round, if any one player has played at least 3 matches, a bar voucher worth £5 will be won by the player with the most points, NB the winner must have played at least 3 matches.
13. At the end of the competition there will be overall prizes for those players with the most matches won and number of points.
14. A parent/guardian must be involved in and be happy with the coordination and arrangement of matches for anyone under the age of 16 including transportation to/from the match. A child should not be given a lift by their opponent. A parent/guardian **MUST** supervise a match of anyone under 13 years old.
