

Free Floodlights on Mondays

How does it work?

1. Free floodlighting will be provided on at least 4 courts* from 7.00pm to 9.30pm each Monday.
2. Members should **book courts** through the Members' Area of our website as usual.
3. Clay courts are available with free floodlighting when not pre-booked for matches or drills night.
4. Use is intended for members to catch up on Snookerball, Winter Slam or Ladies Doubles Box matches or just to enjoy a social game without the extra cost of tokens.
5. To maximise court usage, no ball machine sessions should be booked on courts 1-4 during this time. It is also not intended to be a session for organised groups.
6. Upon arrival, if the floodlights are not switched on, please use the key locked inside the floodlight box to turn on the relevant set of lights for your court.
7. Once you have finished, please check the bookings before turning off the lights (as there will be a 15 minute time lapse before they come on again just after switching off). If there is no follow on booking, please turn off the lights with the key provided. Otherwise please leave lights on.
8. At 9.30pm, the floodlights will go off automatically.
9. The bar opening hours will be extended on Monday evenings from 7pm to 8.30pm.
10. Please **cancel bookings** if you cannot attend to enable other members to play and to ensure lights are switched off when not in use.

*except for Mondays involving Maidstone League matches when court space may be more restricted.
